UPCOMING RESEARCH PARK EVENTS

Friday, September 30, 5-7PM

Event: [Fire at Five Bonfire and Happy Hour](#)

Location: 2100 S. Oak Street, Champaign, IL 61820

About the Event: Join us for our Oktoberfest Fire at Five Bonfire and Happy Hour summer event series. Drinks will be provided, and activities will be available for the whole family.

Sponsor: Research Park

Wednesday, October 5, 5:30-7:30 PM

Event: Champaign-Urbana Tech CEO Roundtable

Topic: Immigration reform and new proposed rules from U.S. Citizenship and Immigration Services (USCIS) is proposing a new rule, which would allow certain international entrepreneurs to be considered for parole (temporary permission to be in the United States) so that they may start or scale their businesses here in the United States. Guest speakers include the Executive Director of the Illinois Business Immigration Coalition (IBIC) and Ivette Morataya from the Midwest Chapter of FWD.us. More on the policy is available here:

<https://www.uscis.gov/news/news-releases/uscis-proposes-rule-to-welcome-international-entrepreneurs>

About the Event: The Champaign-Urbana Tech CEO Roundtable is a quarterly event for local small business leaders to network, exchange business updates, and discuss policy and operations topics related to technology entrepreneurship. The event is by invitation and includes a reception and dinner program.

Sponsor: Research Park

Friday, October 7, 12-1PM

Event: Data Science User Group Kickoff

Location: EnterpriseWorks Conference Room 130

About the Event: We're kicking off a new user group to foster collaboration and learning in the area of data science. This group will serve professional data scientists, students that are looking to understand applications of data science, and anyone interested in data. We'll kick off the group with an introduction by Professor Robert Brunner and a tech talk on how data science fits into traffic protection at Yahoo. Free to attend. Lunch will be provided.

RSVP: <http://go.researchpark.illinois.edu/datascienceusergroup>

Sponsor: Research Park & Yahoo

Tuesday, October 11, 8 AM

Event: [Ada Lovelace Day- Women in Tech](#)

Location: EnterpriseWorks Atrium

About the Event: Join us for a Women in Tech breakfast that will honor Ada Lovelace who is considered to be the first computer programmer in the mid 1800s. Ada Lovelace Day is an

international celebration of the achievements of women in STEM. Mona Ghadiri of Forcepoint in the Research Park will be speaking at this event.

Sponsor: Research Park

Thursday, October 13, 5-7PM

Event: [Tech Talk](#)

Location: Siebel Center, UIUC Department of Computer Science

About the Event: Learn about internships and job opportunities from a panel of Research Park companies. Find out why Research Park is the perfect place to jumpstart your career. Food will be served. Companies interested in being on the panel: contact Dana Cohen at dfcohen2@illinois.edu.

Sponsor: Research Park

Tuesday, October 18, 9AM-1PM

Event: [Research Park Blood Drive](#)

Location: EnterpriseWorks Conference Room 130

About the Event: Join us on October 18 for our Blood Drive hosted by Community Blood Services of Illinois! Why you should donate: More than 4.5 million patients need blood transfusions each year in the U.S. and Canada. One pint of blood can save up to three lives. There is no substitute for human blood. Someone needs blood every two seconds. One unit of blood can be separated into several components: red blood cells, plasma, platelets and cryoprecipitate.

Sponsor: Research Park

Wednesday, October 19, 12PM-1PM

Event: **Government Procurement Technical Assistance for Small Business**

Location: EnterpriseWorks Conference Room 130

About the Event: Join us for procurement technical assistance from Mary Turner, Center Director at the Illinois PTAC (Procurement Technical Assistance Center) at Western Illinois University. PTAC Services Available via our SBDC for small businesses looking to enter the world of government contracting. The centers provide one-on-one counseling, technical information, marketing assistance and training to existing businesses interested in selling their goods and services to local, state, and/or federal government agencies. Small businesses who need expert assistance may schedule free appointments with Mary Turner by contacting ptac@cusbdc.org or calling 217-378-8535.

Sponsor: Research Park

Thursday, October 20, 4 PM - 7:00 PM

Event: **Research Park Student Open House**

Location: Start at EnterpriseWorks; More Details to Follow

About the Event: The Research Park will host our fifth annual technology open house for students at the University of Illinois to meet companies at the park and see technology demonstrations. The open house will begin in the EnterpriseWorks atrium at 60 Hazelwood Drive, Champaign. Students will be able to see a variety of operations, including corporations and startup companies located in the Research Park. Guided tours will be offered and company representatives will discuss their operations, internships, and career opportunities. It will culminate with pizza and networking. If your company would like to participate, please contact Dana Cohen at dfcohen2@illinois.edu.

Friday, October 21, 12PM-1PM

Event: **EIR Workshop: Craig Vodnik**

Location: EnterpriseWorks Conference Room 130

About the Event: Entrepreneur-in-Residence, Craig Vodnik is co-founder of COO of Cleverbridge and member of Hyde Park Angels. Lunch will be served.

Sponsor: EnterpriseWorks

Friday, October 28, 3-5PM

Event: [Trick-or-Treat at Research Park](#)

Location: EnterpriseWorks & Participating Companies

About the Event: All children (and children at heart) are invited to celebrate Halloween early by dressing up in costume and trick-or-treating around the offices in EnterpriseWorks. Participating offices will be providing their own candy to give out, while EnterpriseWorks will be providing refreshments and music in the Atrium. This is the "pre-party" for Fire at Five!

Sponsor: Research Park

Friday, October 28, 5-7PM

Event: [Fire at Five Bonfire and Happy Hour](#)

Location: 2100 S. Oak Street, Champaign

About the Event: Come out to the final Fire at Five for 2016! We will be serving Curtis Orchard donuts and apple cider for refreshments. There will also be a costume competition for adults and children.

Sponsor: Fox/Atkins Development and Research Park

Tuesday, November 1, 12-1PM

About the Event: Celebrate Diwali! Join us as we celebrate the five-day festival of Diwali with lunch catered in the EnterpriseWorks atrium. Please note, lunch is on a first come - first serve basis.

Sponsor: EnterpriseWorks

Wednesday, November 2, 5-7PM

Event: [Research Park After Hours at Siebel Center](#)

Location: Siebel Center

About the Event: Together with the Computer Science and Electrical and Computer Engineering Departments, the University of Illinois Research Park will host a networking event to showcase opportunities for tech jobs in Champaign-Urbana. Show off what tech projects are being done at your amazing company. We ask that companies arrive at 4:00pm. Food and Beverages will be served. If your company would like to participate, please RSVP on this form or contact Dana Cohen at dfcohen2@illinois.edu.

Sponsor: Research Park

Thursday, November 10, All Day

Event: [Big Data Summit](#)

Location: I-Hotel and Conference Center in Champaign

About the Event: Thought leaders from the University of Illinois Research Park, industry, and academia will come together for the fourth annual Big Data Summit on Thursday, November 10, 2016 to learn and share knowledge about key aspects of big data and its business applications through dynamic panels, inspiring keynote presentations, and networking opportunities.

Register here. In addition to the engaging topics, we will conclude the Summit with a Big Data Career Networking Event where companies can set up booths to showcase the jobs and internships available in the realm of Big Data. Research Park companies can set up a booth at no charge. There will be a small fee for outside companies who want to participate; contact

Dana Cohen (dfcohen2@illinois.edu) for more information. Sponsorship opportunities are also available.

COMING SOON: SBIR Workshop Series. Our 3-part SBIR Workshop Series will return in late October, Dates TBA.

RESEARCH PARK ANNOUNCEMENTS

Board of Trustees Approves Seidel as Interim Vice President for Research

The Board of Trustees approved President Timothy Killeen's appointment of H. Edward Seidel as the Interim [Vice President for Research \(VPR\)](#) for the University of Illinois System. The Research Park is a unit under the OVPR's office. To read more about Seidel and the VPR, read the news release [here](#).

EnterpriseWorks new Affiliation Agreement with Matter in Chicago for Healthcare Startups

MATTER is an incubator and service center for entrepreneurs that helps turn brilliant healthcare ideas into industry-changing solutions. MATTER is located in Chicago at the Merchandise Mart and provides co-working space for healthcare startup companies, curriculum purpose-built for healthcare innovators, mentors-in-residence who've built healthcare businesses and have deep expertise in healthcare, technology, and entrepreneurship. The space also includes a demonstration lab and the AMA Interaction Studio. EnterpriseWorks is now affiliated with MATTER to extend our members access to MATTER and its services and space. We invite our clients to access innovators from across the healthcare ecosystem including pharmaceutical, medical device, diagnostics, and health IT companies; venture capitalists; health systems and hospitals; payers; scientists; and physicians. For more information about access to MATTER, contact Laura Frerichs at lfrerich@illinois.edu.

I-POC Awardees Announced

The University of Illinois at Urbana-Champaign Office of Technology Management (OTM) is pleased to announce the 2016 awardees of the Illinois Proof-of-Concept Funding Program (I-POC). I-POC facilitates development projects that demonstrate an innovation's market viability to potential investors and partners. Projects consist of a defined set of milestones that, when completed, help overcome a specific hurdle to an innovation's transfer outside of the University. Awardees are: Angela Kent and Andrew Leakey, Carl R. Woese Institute for Genomic Biology; Jean-Pierre Leburton and Lav Varshney, Beckman Institute for Advanced Science & Technology; Stephen Long, Carl R. Woese Institute for Genomic Biology; Lissette M. Piedra, School of Social Work; Jacob Sosnoff, College of Applied Health Sciences; and Rachel Whitaker and Patrick Degnan, Carl R. Woese Institute for Genomic Biology. For more information, please visit otm.illinois.edu/POC.

IntelinAir works with drone technology to manage crop production and monitor yield. Hovakimyan calls it the "MRI of farms." [The article](#) goes on to talk about her past and present research, her work at the Intelligent Robotics Lab, and future plans.

Chicago Inno Profiled Josh George

[The article](#) highlights George's life, athleticism, and his involvement with EnterpriseWorks startup Intelliwheels. Josh has won five Paralympic medals, is a six-time world champion, world record holder, and has won multiple major marathons. His participation in the Rio Paralympics combined with his [BMW sponsorship](#) deal, 2016 has been a good year for him.

CAMPUS EVENTS OF INTEREST

Thursday, September 29, 1PM

Event: ITA Tech Challenge

Location: Siebel 2405

About the Event: The ITA Tech Challenge is a programming and coding skills competition for students at targeted Midwest universities, led by the Illinois Technology Association.

Step 1: Take the #itatechchallenge on your campus:

- Eat some food!
- Complete the ITA Tech Challenge qualifying exam in any coding language for a chance to win!

Step 2: Win up to \$5,000 and interview with top tech companies! The Top 50 scorers out of all initial exams at the 21 participating universities, will be invited to stay in downtown Chicago and compete in the Final Challenge, November 4-5, 2016 for cash prizes and bragging rights. Sign up to compete today! Don't forget your Laptop and Digital Resume!

After the challenge, head over to the Reflections Projections Startup Career Fair from 2:00-5:30 p.m.

Sponsor: Technology Entrepreneur Center, Illinois Technology Association

September 29-October 1

Event: [Reflections Projections](#)

About the Event: Details can be found at <http://reflectionsprojections.com/#about>.

Highlighted talk: Turn's Satanu Kolay, SVP of Engineering, will speak at Reflections|Projections on Saturday, Oct. 1 at 10:00 a.m. on Digital Advertising at Scale. Talk abstract: Real-time Bidding (RTB) technology has re-invented traditional online advertising. The term refers to buying and selling of online advertisements (ads) through programmatic, instantaneous auctions that occur in the order of milliseconds before a webpage is loaded by a consumer. As one of the pioneers in this field, Turn handles around 3.5 million queries per second at the peak time and delivers billions of impressions per day. In this talk, we present the challenges in building a high-performance RTB platform.

Location: iHotel & Conference Center

About the Event: The University of Illinois will host [Illinois GIS Day 2016](#) on Tuesday, November 15, 2016, in partnership with the [Illinois GIS Association](#), at the iHotel and Conference Center in Champaign, Illinois. Last year, over 300 students, faculty, and GIS professionals celebrated all things GIS-related, from precision agriculture to municipal as well as research endeavors.

LOCAL/REGIONAL EVENTS OF INTEREST

Sensors Midwest, Sept. 27-28, Chicago

Join thousands of engineers, engineering professionals, and scientists for Sensors Midwest, a 2-day event, taking place September 27-28, 2016 at the Donald E. Stephens Convention Center in Rosemont, IL, that will feature education, networking, and a packed Expo Floor with an anticipated 65+ exhibitors showcasing their latest sensing technology and products. More information click [here](#).

AdvaMed Conference, October 17-19, Minneapolis

Join PROPEL, iBIO, AdvaMed and the entire med device / med tech community at this year's AdvaMed Conference in Minneapolis. AdvaMed 2016 is the leading med device / med tech conference in North America, bringing more than 1,000 companies together in a uniquely multifaceted environment for business development, capital formation, innovation technology

showcasing, world-class educational opportunities and networking. To learn more about AdvaMed 2016 click [here](#).

ThinkChicago Ideas Week, October 20-22, Chicago

From October 20-22,2016, Chicago Mayor Rahm Emanuel, along with the World Business Chicago, University of Illinois, and Chicago Ideas will invite university students from across the country to take a behind-the-scenes tour of Chicago's fast growing tech scene and attend [Chicago Ideas Week](#), an annual seven-day gathering that host 150+ globally-recognized speakers at 100+ events across the city.

HealthTECH, October 27, Chicago

Insight Product Development and MATTER are co-hosting the fourth annual HealthTECH Summit. This year our team of judges will select ten leading early stage medical device and digital health startup finalists from the Midwest to compete for \$35,000 in cash and prizes. First-round startup competitors will be selected by a judging panel of leaders from global corporations, academia, investors, and community health organizations to narrow the field down to twenty top teams. The second round of vetting and review will identify the finalists that will present live in October at the HealthTECH Summit. On the merit of their live pitches, jurors will select the top three startups for cash and prize awards at the event. During the course of the competition, all juror-selected competitors receive the benefit of expert mentoring from one of the most experienced development teams in the world to strengthen their case. Learn more [here](#).

Smart Manufacturing: The Digital Transformation, November 9, Chicago

Attend Smart Manufacturing: The Digital Transformation and hear from leading industry experts and the early adopting manufacturers who are achieving positive business results in this connected world. We'll be talking about how technology investments will:

- Integrate your value chain
- Improve safety
- Increase productivity
- Collaborate with colleagues across industries

Learn how data throughout manufacturing – from your shop floor to your enterprise-wide IT systems – can be utilized to accelerate your digital transformation. More info can be found [here](#).

IoT Summit, November 9-10, Chicago

In its fourth year, the IoT Summit Chicago, brought to you by ITA, and featuring the First Analysis Capital Conference, is a convergence of IoT thought leadership and investor engagement. This year's summit aims to explore some of the most timely issues, such as data ownership, governance and nuances found in vertical IoT markets, while simultaneously showcasing local IoT companies, attracting investors and capital to the region. For more information, click [here](#).

STEMx, November 12, Champaign

You are invited to represent your company by participating in this year's STEM Explorers (STEMx) Event.

Why: Engineering Council, the umbrella organization that organizes events like Engineering Open House, Engineering EXPO, and others, seeks to engage youth interested in STEM fields and encourage them to continue their pursuit of careers in these fields.

What: STEMx is a full-day community outreach event filled with workshops and student interaction.

Who: STEMx is geared towards Freshmen and Sophomore high-school students in the C-U area and surrounding communities, interested in learning about STEM fields. Our projected audience is 50 students.

How: Represent your company and engage youth by putting on an hour-long workshop focusing on a skill, lesson, or knowledge related to your (STEM-related) field of expertise.

When: The workshop will take place **November 12, 2016** from 9:00am-6:00pm. You will only need to be there for an hour.

Next Step: If you are interested or have questions, contact Mark Hafter (hafter1@illinois.edu, [847-744-0098](tel:847-744-0098)) for more information and to sign up! We are more than happy to help you design your workshop.
